From Education to Employment

Graduated? About to Graduate? Hoping to take the next step in your ICT career?

Join us for the annual ACS YIT "From Education to Employment" seminar, focusing on the transition from student to work life in the ICT industry.

Hear from speakers in both business and technical IT organisations and graduates already working in the industry. Get tips from an IT Recruitment specialist to help you set yourself apart from your competition.

Network with the speakers and your peers over refreshments after the presentations.

Presenters include:

- ADI
- Bunnings
- Change Corporation
- Computer Sciences Corporation
- Porter Consulting Group
- Graduates working in the industry
- Plus others...
