

## Internships @ IBM

<p><b>Company Profile:</b></p>	<ul style="list-style-type: none"> <li>• IBM Australia is a leading supplier of information technology, software and services in Australia. Our focus is on helping customers of all sizes to adapt and prosper in the online world. Our extensive range of products and services help organisations to take advantage of new opportunities presented by Internet-based technologies, building on their existing technology investments. Specifically IBM: <ul style="list-style-type: none"> <li>○ Is the Largest business and IT services consulting organisation in the world.</li> <li>○ Offers flexibility, the opportunity to work with the world's leading organisations, excellent career progression and the ability to work globally.</li> </ul> </li> </ul>			
<p><b>About IBM's Internship Program:</b></p>	<p>IBM's Internship Program is a "feeder" to our graduate program. While IBM does not guarantee a graduate offer at the completion of an internship placement, our intention is to retain our top interns after they graduate. Completing an internship allows students the opportunity to determine what industry, sector, and profession they would like to move their career towards. When seeking graduate roles, interns have the added advantage of boasting both education and "real experience" on their resume.</p>
