

# Catch the third wave

Explore graduate study opportunities at Canada's first  
School of Computational Engineering and Science.

**LIVE WEBINAR**  
**15 March, 7 p.m. EST**  
<http://computational.mcmaster.ca>

The McMaster School of  
**Computational  
Engineering  
and Science**

McMaster University has brought together more than 50 researchers from engineering, science, and business dedicated to the third wave of scientific research - computational simulation, modeling and optimization - resulting in the first and only graduate school of its kind in Canada.
