

Take a moment and recall someone whose words of wisdom, inspiration or support has made all the difference to your career...

The Careers Centre at the University of Western Australia would like to invite you to become such a person to a student, through our **Career Mentor Link** program.

Career Mentor Link is a mentoring program which matches students (the mentees) with industry professional's (the mentors). The mentees seek advice and information about their career goals, whilst the mentors share their professional skills, experiences and insights.

Becoming a mentor brings many benefits. You can expect to:

- Make a difference to someone else's life
- Enhance your own professional development in areas such as communication and leadership
- Build your profile and the profile of your organisation amongst staff and students on campus
- Have some fun and meet someone new

The 2006 program runs through the academic year, from March to October. The amount of contact is not onerous and usually involves some email and phone contact and a few face-to-face meetings during the year.

If you would like to become involved, have 4 years or more experience in the workforce and reside in WA, please submit the application form at www.careermentorlink.uwa.edu.au before **Thursday 9 March 2006**.

We also invite you to forward this email to other colleagues who may be interested in this opportunity.

If you have any questions about the Career Mentor Link program, please don't hesitate to contact me.

Kind regards,

Toni Henderson
