

CASSIOPEIA™

**Welcome to the CASIO® Handheld PC
Bonus Software Applications CD-ROM!**

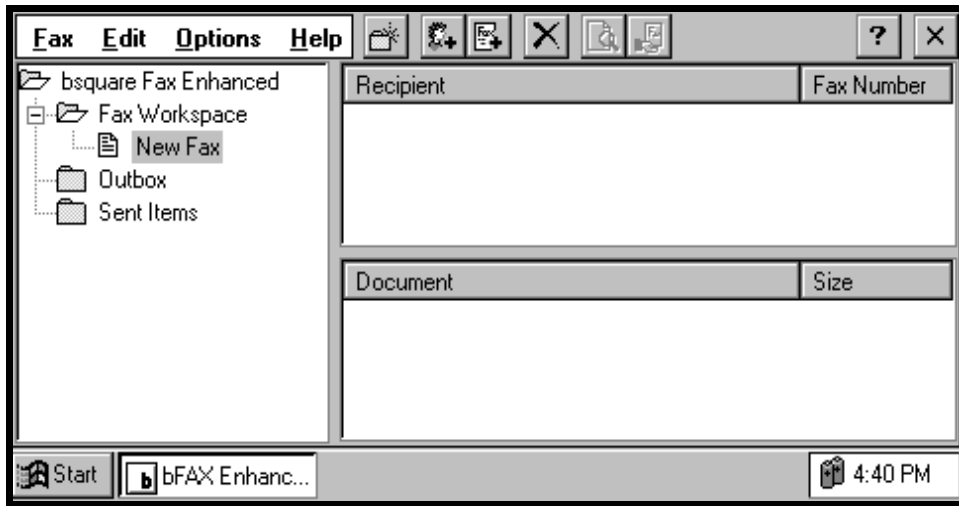

In addition to the standard Microsoft® Windows® CE applications already found on your CASSIOPEIA, we have included the following additional software applications to add even more power to your Handheld PC!

The following sections briefly introduce each of the bonus applications contained in the directories on this CD. Opening any of the actual directory folders on the CD will provide more detailed information about each of these programs. We hope that you will enjoy using these bonus applications on your CASSIOPEIA!

bsquare bFAX™ Enhanced

from bsquare development

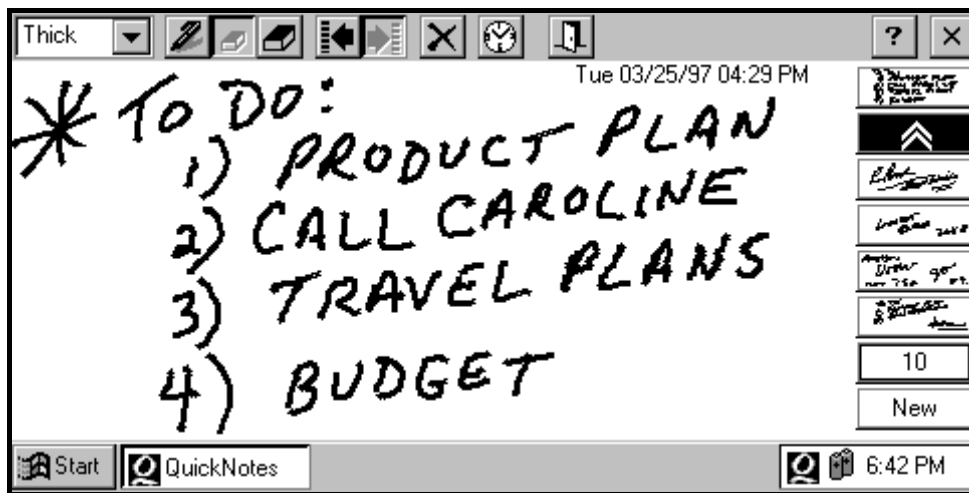

bsquare development bFAX Enhanced

bFAX Enhanced is a powerful fax management package for your Handheld PC. bFAX Enhanced allows you to easily send faxes and CASIO QV Digital camera image files directly from your CASSIOPEIA. Choose fax destinations right from your contact list, create recurring templates, and send multiple documents to multiple locations.

QuickNotes™

from CIC (Communication Intelligence Corporation)

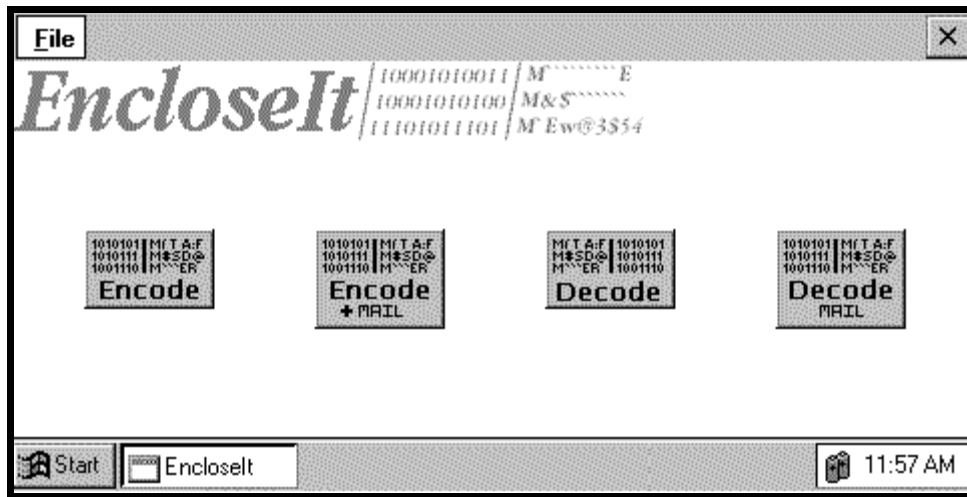

QuickNotes

QuickNotes is fast and easy to use while on the go. Use it to capture your handwritten notes, ideas and sketches. Each page is automatically time and date stamped and QuickNotes instantly saves your data so it's always at your fingertips. Plus, your notes are stored using CIC's superior INKshrINK® compression technology that reduces storage memory.

LandWare™ Encoselt™

from LandWare, Inc.

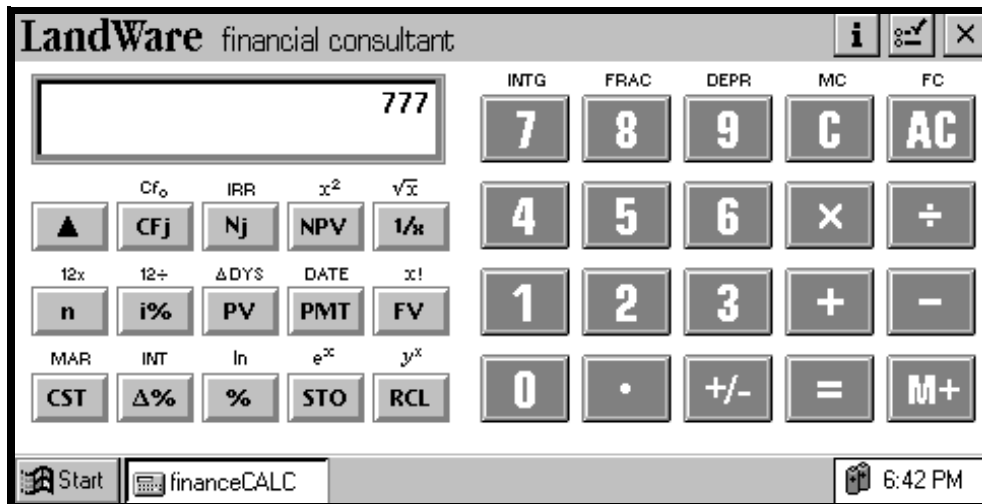

LandWare Encoselt

Encoselt allows you to email any file from your CASSIOPEIA (Pocket Word®, Pocket Excel®, digitized CASIO QV Camera images, etc.) Using standard UUencoding you can transfer and receive attachments via the Inbox.

LandWare Financial Consultant Calculator™

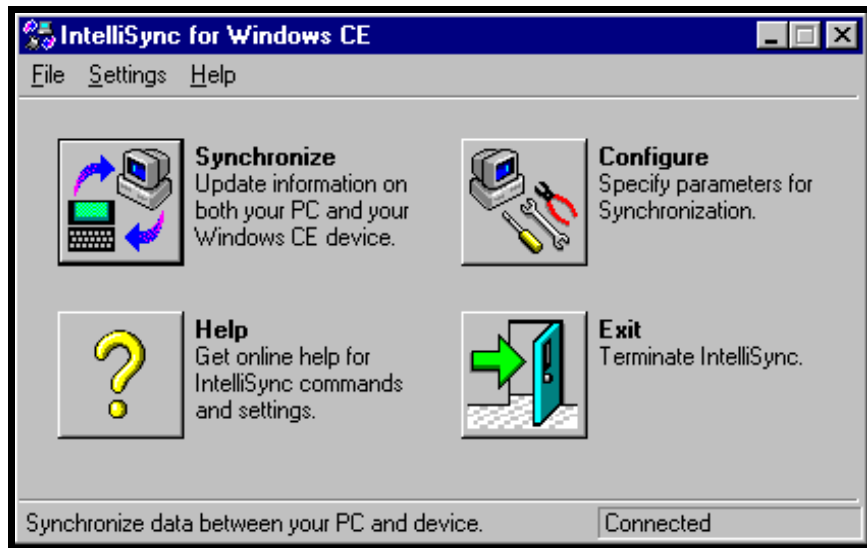

from LandWare, Inc.

The LandWare Financial Consultant

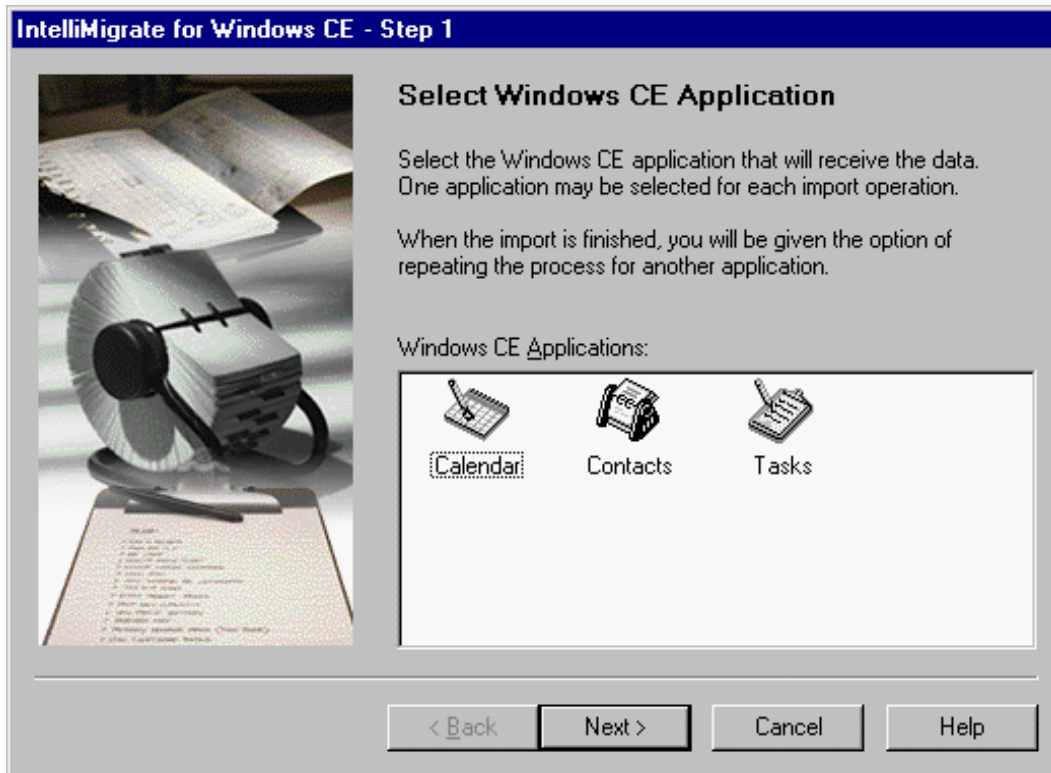

The LandWare Financial Consultant calculator for CASSIOPEIA has been designed specifically for real estate, retailing and business professionals who need to use their CASSIOPEIA to make fundamental financial decisions quickly and accurately.

 **IntelliSync™ and IntelliMigrate™**
from Puma Technology™, Inc.

IntelliSync

Includes a Free Trial Version IntelliSync for Windows CE to synchronize your favorite PC-based information management and scheduling applications. An ideal companion for your CASSIOPEIA.

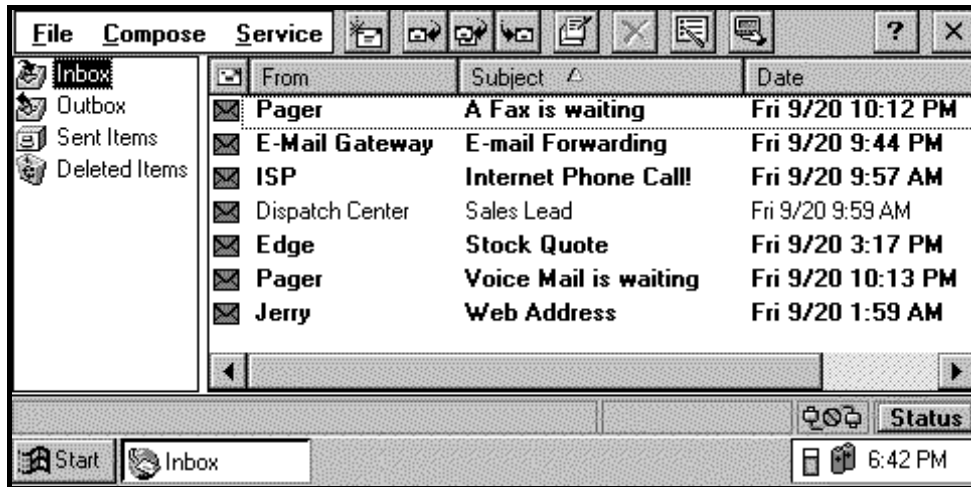

IntelliMigrate for Windows CE

Includes Puma Technology's IntelliMigrate, a software utility designed to easily transfer all calendar, contact, and action item information from other Handheld devices to the CASSIOPEIA.

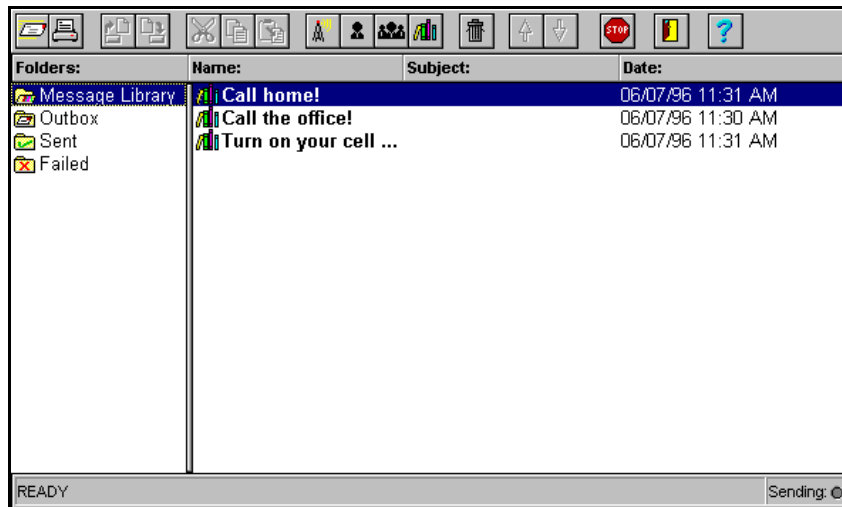

Socket™ Connectivity Products

from Socket Communications, Inc.

PageSoft Pro® for Windows CE

Make your CASSIOPEIA a wireless receiver! The PageCard® Wireless Messaging System turns your CASSIOPEIA into a pager so you can receive E-mail, stock quotes, calendar updates and other urgent messages instantly. Browse the Socket tour using any web browser for a complete tour of Socket connectivity products and for more information on subscribing.

PageSoft Pro Windows Desktop Free Trial Software

Send alphanumeric pages from a Windows PC or notebook with PageSoft Pro Desktop. PageSoft Pro Desktop is the easiest way to link your office network to your field force. You can share networked modems so you won't need your own phone line, and you can even send file attachments and encrypted data to anyone running PageSoft Pro Mobile.

 **Socket Connectivity Product** *continued*
from Socket Communications, Inc.

GTE Personal Sender Desktop Software

Install a copy of GTE Personal Sender. You will be able to create personalized paging software that your friends and colleagues can use to send messages to your PageCard. You can then use PageSoft for Windows CE (also included) with a Socket PageCard to download the messages into your CASSIOPEIA Inbox!

 **SkyTel 2-Waysm Messaging**
from SkyTel Corp.

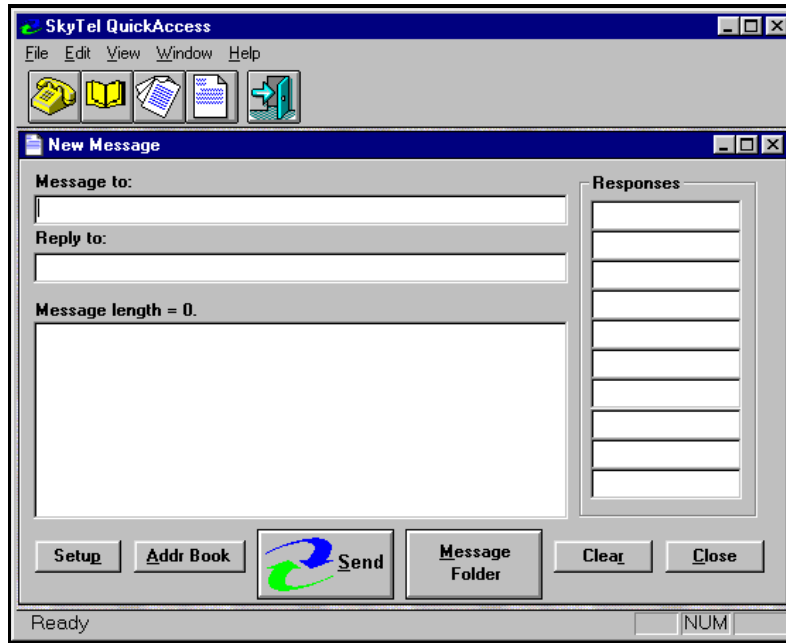

SkyTel Messenger™ for Windows CE

With SkyTel Messenger, you can connect your CASIO CASSIOPEIA to a SkyTel AccessLink™ 2-Way Pager and exchange messages with millions of users. No wires attached! The full SkyTel Messenger for Windows CE solution includes communications software and a connection cable.

SkyTel 2-Way Messaging *continued* from SkyTel Corp.

This SkyTel Messenger for Windows CE is a demonstration application only. For more information, refer to the SkyTel Messenger brochure included in your CASIO CASSIOPEIA package.

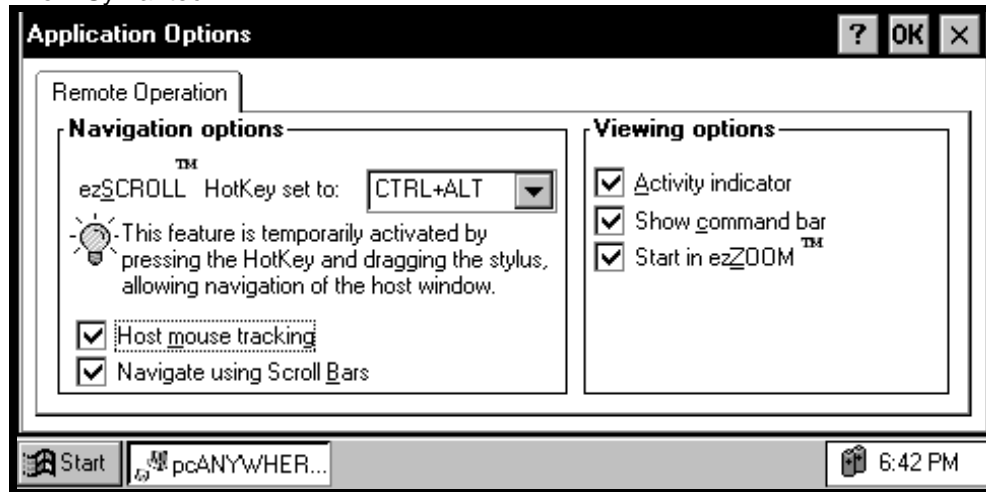

SkyTel QuickAccess™ Desktop Software

SkyTel QuickAccess is a simple dial-up messaging application that offers two-way message origination, customized responses and message status checking. With SkyTel QuickAccess, you are able to send messages to other SkyWord™ PINs, two-way Mailbox IDs or Internet E-mail addresses. You may also track the status of two-way messages via the Message Folder to confirm delivery of a message and to view selected responses.

pcANYWHERE™ CE

from Symantec™

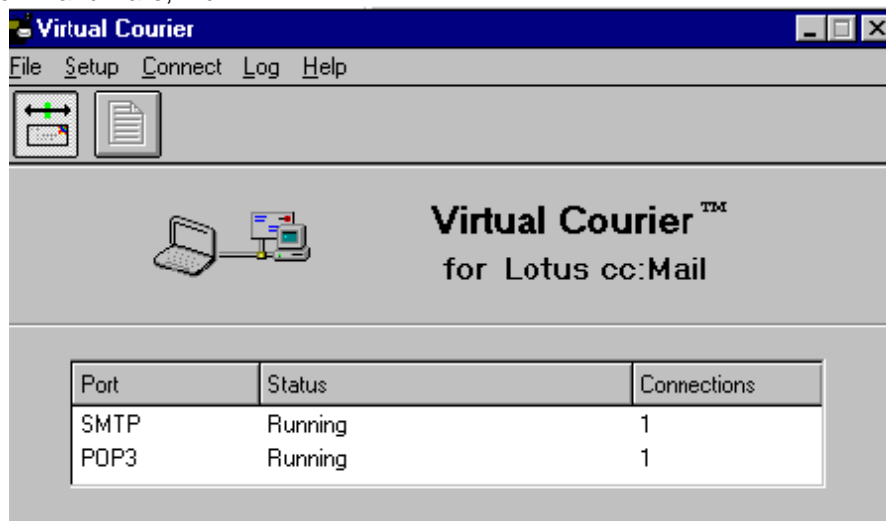

Symantec pcANYWHERE CE

Symantec pcANYWHERE CE is a remote-only version of pcANYWHERE developed for the Microsoft Windows CE operating system. You can use pcANYWHERE CE to remotely control any host PC running pcANYWHERE32, version 7.5 or higher, or the pcANYWHERE desktop host. (trial version of the desktop host, included on this CD-ROM).

LandWare E-Mail Access

from LandWare, Inc.

The Virtual Courier™ Lite for Desktop cc:Mail™ and MS Mail/Exchange®

The LandWare Virtual Courier Lite for Lotus cc:Mail and MS Mail/Exchange applications allow you to connect your CASIO CASSIOPEIA to your LAN-based e-mail account in order to send and receive electronic mail messages. Virtual Courier Lite works both locally and remotely, so you can stay in touch while you are away from the office.

 **CASIO QV-LINK™**

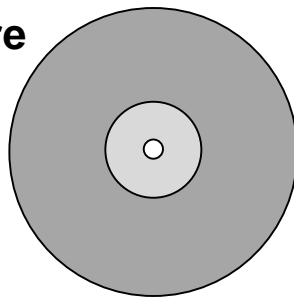

CASIO QV-LINK Connection Software

This application allows you to transfer images to and from your CASIO QV Digital camera using your CASSIOPEIA. You can edit titles, comments and dates, and more. You can rearrange or delete the images in the camera too. The Presentation mode allows you to control the display of presentations through your CASIO QV camera to your television monitor.
